WILCOX TO HAVE RURAL HIGH SCHOOL

HOWARD GARRETT HEADS NEW BOARD OF DIRECTORS

7 DISTRICTS VOTED IN

Mt. Vernon, Ireland, Guthrie, Griffith, Knabb, Shell Grove and Wilcox Included.

Howard Garrett of Wilcox was chosen chairman of the board of directors of the new Wilcox rural high school formed by the consolidation of seven districts which voted favorably on the proposition yesterday afternoon. The other directors are Charles Garrett of the Ireland district, Ernest Willhoyte of the Knabb district, William Golding of the Shell Grove district, D. K. Ferguson of the Griffith district and Andrew Jensen of the Mt. Vernon district One district, Guthrie is without direct representation on the present board for the reason that the rule of school board government calls for six directors only. Guthrie at present has an enrollment of five pupils.

The total enrollment of the seven districts is 141. Each district will remain as it is with the exception that there will be a rural high school at Wilcox an dthe consolidated district will be governed by the board of six directors.

The consolidation will take effect September first. At a later time when the preliminary arrangements have been made, it is probable there will be changes made in the Wilcox school building to better accomodate the increased number of students and new equipment will be added.

At the special election held yesterday afternoon to vote upon the consolidation, the result was 56 votes in favor to 54 against.

The meeting was called to order by W. A. Power acting for County Superintendent of Schools Bert Cooper, who is now in Utah. B. C. Shell was chosen as chairman of the meeting and C. L. [illegible] as secretary.

The Wilcox district is the fifth consolidated in the county, the others being Harmony, Ravenwood, Parnell and Graham districts.

MRS. ANN WARREN DIES AT HOPKINS LAST NIGHT

Was 72 Years Old—Funeral Services Tomorrow Morning at Hopkins Methodist Church.

Mrs. Ann Warren, age 72, died at 6 o'clock last night at the home of her son, Bert Warren, living east of Hopkins. Mrs. Warren had been in poor health for many months. Her husband, S. J. Warren, died five or six years ago, and previous to that Mr. and Mrs. Warren made their home on a farm near Hopkins.

Funeral services will be held at 10 o'clock tomorrow morning at the Methodist church in Hopkins and interment will be in a Hopkins cemetery.

Mrs. Warren is survived by four daughters and four sons who are Mrs. Sanford Jackson of Wichita Falls, Texas, Mrs. Elizabeth Graybill, Mrs. Carrie Johnson, Mrs. Vinnie Anderson and Bert Warren, all of Hopkins, Lieliyn and Charles Warren of Omaha, Neb., and Sydney Warren of Laramie, Wyo. Mrs. Nettie Warren of Maryville is a daughter-in-law of Mrs. Warren.

SECOND DEATH WITHIN TWO WEEKS IN JOHNSON FAMILY

Mrs. E. W. Lynn Dies at Noon at Home of Parents, Mr. and Mrs. A. Johnston of Quitman.

Mrs. Emma Johnson Lynn, the wife of E. W. Lynn of St. Joseph, died at noon today at the home of her parents, Mr. and Mrs. A. Johnston of Quitman. The death of Mrs. Lynn was due to pneumonia which followed an attack of influenza.

The death of Mrs. Lynn is the second in the Johnston family within two weeks. A brother, John Morris Johnston, died Jan. 25 at Kansas City. His death was due to influenza which he contracted a week after going there to attend the Sweeney automobile school. Morris was a twin brother of Murrel Johnston, who was killed in the Argonne engagement in November, 1918.

Besides her parents and husband she is survived by one son, Augustus, three sisters, Mrs. Van W. Roberds of Washington, D. C., Mrs. O. W. Elarton of Salida, Colo., Mrs. L. D. Young of Quitman, and five brothers, Ed, Carl A., Charles H., William E. and Howard J., all of Quitman.

Funeral arrangements for Mrs. Lynn have not been made.

THE MASONS ARE TO BUILD A HOME

MEMBERS START PROPOSITION FOR THEIR OWN BUILDING

WILL CHOOSE COMMITTEE

To Devise Ways and Means to Finance the Project—Many Members in Attendance.

At a meeting of the Masonic Blue Lodges held last evening, it was decided to start the proposition of a building for all the Masonic bodies. At the suggestion of U. S. Wright, the masters of Nodaway lodge No. 470 and Maryville Lodge No. 165 were instructed to appoint a committee of two members from each of the Blue Lodges and that the fifth member of the committee be the Worthy Matron of the Eastern Star. The proposition carried by a unanimous vote. The sentiment was strong that the Masons should build a home and the committee to be appointed by the masters was instructed devise ways and means for such a project. The committee to have charge will not be selected until later in the week.

A suggestion was also made that such a building be also the home of the other Masonic lodges in this county where they can meet and put on degrees.

The proposition for a Masonic building has been discussed ever since the Michau building fire, the Masons having the third story of that building. Efforts were made to start the project then but at the outbreak of the war they were given up at that time. The Masons have been meeting since that time in the Odd Fellows hall.

Many Masons were present at the meeting yesterday afternoon and last night in honor of the four oldest living past masters of Maryville Lodge No. 165 and Nodaway Lodge No. 470. They are John G. Grems and W. H. Hudson of Nodaway Lodge No. 470 and N. Sisson and Edward McMillian of Maryville Lodge No. 165. Three seconds and two third degrees were conferred.

A dinner for the members was given at the First Christian church at 6:30 o'clock. There were 108 Masons in attendance. An excellent dinner was served by the women of the church.

Those in attendance at the banquet were: J. B. Ruhl, L. W. Price, J. H. Goforth of Bolckow, C. A. McCoppin, Charles Tebow, Fred Wright, Dale V. Alderman, D. R. Baker, L. L. Moore, W. E. Goforth, A. HOPKINS PASTOR GIVES SERIES OF SERMONS

Are Descriptive of Model Characters. First Discourse Attracted Much Attention.

The Rev. Mr. Gillespie, pastor of the Christian church of Hopkins is preaching a series of sermons which began last Sunday night. The general topics are descriptive of model characters in men and women. The first subject was "The Model Young Woman" and in consecutive order will follow "The Model Young Man", "The Model Wife", "The Model Husband" and "A Pathetic Story of Love and Marriage."

The handling of the first subject attracted a great deal of attention and many are expecting to attend the remainder of the discourses.

COLLEGE SOCIETIES TO HOLD CONTEST

EXCELSIOR, EUREKANS AND PHILOS TO PARTICIPATE IN EVENT

SUBJECTS ARE CHOSEN

Permanent Trophy to be Placed in Commemoration of Winners in this and Past Contests.

Much interest is being manifested in the inter-society contest of the literary organization of the State Teachers college to be held some time in the early spring. The societies participating are Eurekan, Philo and Excelsior.

A committee composed of Miss Beatrix Winn, Miss Tessie Degan and W. A. Rickenbrode, and the presidents of the societies has been appointed to select a suitable trophy to commemorate the winners in the various events. This trophy will probably be a wall plate finished in bronze or silver bearing the names of the winning societies and individual winners in the five previous contests.

The presidents of the societies are Miss Viola Barber, Philo; Ernest McDonald, Eurekan and Miss Ethel Sloan Excelsior.

The committee of the faculty in charge of the work of the societies is composed of Prof. Harry Miller, chairman, Miss Winn, Miss Blanche Dow and Prof. H. P. Swinehart.

The questions and topics for the debate, essay and extemporaneous contests have been chosen. They are:

DEBATE

1. Resolved: That the United States should intervene to establish peace in Mexico.
2. Resolved:That emigration should be further restricted.
3. Resolved: That employer and employee be compelled to settle all disputes before a national board of arbitration.

MOTHER OF MISS WINSTON DIES AT ST. JOSEPH TODAY.

Friends here of Miss Margaret Lee Winston of St. Joseph received word of the death of her mother, Mrs. O. A. Winston, which occurred this morning at their home in St. Joseph. Mrs. Winston had been a partial invalid for several years. Her death was due to pneumonia following influenza which she contracted a few days ago.

Miss Winston has been employed here for sometime at the Ashford millinery shop, remaining here during the greater part of the year. Miss Elizabeth Ashford will go to St. Joseph to attend the funeral.

Ira Longley Dead.

Ham Lowery received a message from Loveland, Colorado, Tuesday morning announcing the death of his brother-in-law, Ira Longley, who for many years was a resident of the Hopkins vicinity. Mr. Lowery left that afternoon for the west to attend the funeral. The deceased was 64 years old and death was due to hardening of the arteries. He is survived by a wife and two children, Roy and Firea.—Hopkins Journal.

LIVE STOCK IN STATE SHOWS LOSS

ANIMAL REPORT WAS MADE BY THE STATE BOARD

AVERAGE PRICES HERE

The Nodaway County, the Average Prices for Horses is $105, Mules $145 and Milch Cows $85

Jefferson City.—Missouri live stock shows a loss of 326,000 in umbers and $21,632,000 in value during 1919, was announced here today in the annual live stock report of E. A. Logan and Jewel Mayes of the U. S. Bureau of Crop Estimates and State Board of Agriculture. The grand total value of the Missouri farmers' animal friends is $378,840,400 or $118 for each man, woman and child and $1,377 for each of the 275,000 farms in the state. These valuations are all on grade or meat basis with no allowance for pure bred prices.

The grand total of Missouri meat animals is now 8,495,000 or 2.7 per per son against 8,825,000 or 2.8 per person in 1919. The loss in numbers is accounted for in fewer hogs and a slight decrease in cattle but these losses were partly ofset through the increase in sheep. Values are at lower levels than this time last year.

In Nodaway county theaverage price of horsese is $105, mules $145, milch cows $85, quarts of milk each cow per day 7 when milking, price other cattle under one year $26, one year and under two $56, two and over $80, ewes $12, rams $18, and swine all ages $20.

The number of horses is 1,040,000 or the same as January, 1919, and valued at $83 per head, of $9 less than last year. Automobiles and tractors are having their influence on the horse business and the raising of colts is decreasing. The number of horses going to market has slowed up and they are damming up on the farms with prices slow and draggy and only the better grades of draft horses in good demand. Total value of all horses in Missouri is now $86,320,000.

Number of Missouri mules $78,000 an increase of 1%. Mule colts are selling but for little mare than last year but other ages moving readily. Those ready for harness in good condition and well matched are bringing high prices. Splendid demand for cotton mules. Average price of mules on farms is $120 or $4 above last year, and total value $53,676,000.

Milch cows in Missouri 919,000. Poor corn crops in some sections during the past two years have held back the dairy business and the number of cows has not increased in the state at large, but heifers intended for milk are increased. Butter production in creameries reporting to the State Dairy Commissioner shows an increase of 53% in the past year. The average price of milk cows $79 is a $5 increase Total value $72,601,000

All other cattle, 1,746,000 head, reduction 2% from last year. Uncertain prices and dissatisfied with conditions farmers have been reluctant to stock up with feeder stuff but late in the year owing to a fairly good corn crop throughout the central and northern sections many of the old regular feeders have now put cattle in their feed lots. Feeder and stocker cattle shipped from St. Louis into the state show a 2% increase over last year. The average price of cattle under one year is $23 per head, under two years $45, and over two years $67, average value $48.90, or a total of $85,379,400 for cattle other than milch cows.

Number of sheep in Missouri 1,525,000 an increase of 2% from last year. This compares favorably with six and eight years ago. A few sheep raisers have disposed of their flocks, but more farms have sheep than in the last few years. Both aged sheep and lambs show increases. Price of lambs $9.50, ewes $13.00, weathers $10.90, rams $18, average price $11.90, totaling $18,147,500.

Missouri hogs number 4,305,000, an increase of 324,000. Poor pig crop last spring, heavy marketing during the early months, disposal of brood sows during summer and fall, hogh prices tumbling, and high prices of corn, the farmer has not considered it advisable to increase or even hold up to his war time number of hogs. Considerable dissatisfaction is expressed on the hog outlook for the coming year. Losses from cholera and other causes lowest of recent years. Average value all ages and sizes at $16.50 per head totals $71,032,500.

Poultry on farms shows an increase of about 8% over last year, and the Missouri Farm Census made by the assessors indicates 124 poultry to each farm.

Generally, the health of live stock is above the average and wintering well. Pasturage better than last year, but fall wheat giving very little grazing. Roughage will carry live stock through unless very severe winter and unusual conditions should prevail in the springtime. No serious shortage is expected.

SELECTS ED. FARGO AS COUNTY FARM MANAGER

County Court Appoints Skidmore Man—Other Appointments Will Be Made at Meeting on February 17.

The county court at their meeting this afternoon appointed Ed Fargo of near Skidmore as superintendent of the county farm. He will take charge on February 15 and will succeed D. C. Owens, who is going to move to a farm. Mr. Owens was not an applicant for the place again. Mr. Fargo's salary will be $90 a month.

The court did not make the other appointments at this meeting. They will be taken up at an adjourned meeting to be held on February 17. The offices to be filled are janitor at the court house, title examiner, county highway engineer and county physician.

The county court in session yesterday granted J. E. Coffey of Guilford and Anderson & Hiley of Maryville pool hall licenses.

The court also made some raises in the assessment of the railroads in this county. The following were the changes:

Burlington—Stock yards at Skidmore raised $150; stock yards at Quitman raised $175; passenger station at Burlington Junction raised $600; stock yards at Burlington Junction raised $175; stock yards at Barnard assessed at $200; stock yards at Clearmont raised $160; passenger station at Maryville raised $1000; freight station at Maryville raised $500; water tank at Maryville raised $300; water tank at Hopkins assessed at $500; stock pens at Hopkins raised $135.

Chicago Great Western—Depot at Parnell raised $560; stock pens at Parnell raised $235; depot at Ravenwood raised $475; stock pens at Ravenwood raised $225; stock pens at Conception Junction raised $225; depot at Guilford raised $440; stock pens at Guilford raised $150; section house at Guilford raised $120.

Wabash—Station at Clyde raised $360; stock pens at Clyde raised $100; one half station at Conception Junction assessed at $2,100; station at Bedison raised $200; station at Maryville raised $4000; freight station at Maryville raised $700; stock pens at Maryville raised $75; section house at Maryville raised $200; station at Wilcox raised $200; water tank at Burlington Junction assessed $500.

The county treasurer, James W. Blagg, is making his settlement with the court today.

SCHOOL BOARD IN CONFERENCE TODAY

GYMNASIUM BUILDING PLANS DISCUSSED WITH ARCHITECT.

COST WOULD BE $60,000

Three Story 60 by 90 feet Building With Athletic Court and Ampitheatre and Six Class Rooms.

A conference between the members of the city school board and Eric Shue of Hutchinson, Kansas, architect, who is submitting plans for a new gymnasium building which the board is considering erecting on the grounds of the Washington school, was held this afternoon. Mr. Shue and the board met last night and discussed the project and so far have come to no definite conclusion as to what is best to do.

The plan submitted by Mr. Shue is that of a 60 by 90 foot three story building with shower baths, lockers and dressing rooms in the basement floor, athletic court and ampitheatre on the main floor and six class rooms above. Such a building would cost approximately $60,000. With the changes to be made in the Central building in converting the present small gymnasium rooms into class rooms, an additional $10,000 investment would be required. Other plans suggested by the board is to make the third story of the new building an auditorium suitable for the holding of all school assemblies and leave all class rooms in the Washington building, converting the present auditorium into rooms to accomodate the increased enrollment, which is becoming greater each year.

The present bonded indebtedness of the school district is $10,000 with sufficient funds on hands to reduce it to $7,000, the bonds not being due for nine years yet.

No decision has yet been reached by the board as to whether or not they will erect the building or just what kind of a gymnasium will be erected if so decided. Should the board deem it advisable to go ahead with the bulding now, a bond issue sufficient to cover all expenditure needed for the building and equipment will be called.

NEAL FUNERAL AT HOME TOMORROW AFTERNOON

Body Brought from St. Joseph Last Night. Service Conducted by Rev. R. E. Snodgrass.

Miss Carrie Neal, daughter of Mr. and Mrs. T. Y. Neal living one mile north of Maryville, died at 2 o'clock Tuesday afternoon in a St. Joseph hospital. Miss Neal's body was brought to Maryville last night and taken to the Price & Sons Undertaking parlors. She was forty five years old and had been at the hospital for a number of years. Her death was caused by a complication of diseases.

Funeral services for Miss Neal will be held at 2 o'clock tomorrow afternoon at the Neal home north of Maryville and will be conducted by Rev. R.E. Snodgrass. Interment will be in Miriam cemetery.

Besides her parents, Miss Neal is survived by four sisters and two brothers who are Mrs. Arta Roseberry of Erie, Kansas, Mrs. Etta DeArmond of St. Louis, Miss Lottie Neal of St. Louis Miss Nora Neal of Spokane, Wash., Alvin Neal of Clearmont and Ira Neal of Maryville.

Mrs. J. D. Malvern and son, Ed, and daughter, Marie, of Quitman, are in Maryville on business today.

Farmers Buys Year's Space for Advertising.

There is something new in the Headlight this week. H. L. Hyatt came down from his home ten miles up the lake and inquired what our rate would be on a certain amount of advertising space by the year. We told him and he said he would take it. He said he always wanted something to sell or trade, or else wanted something, and he believed that a regular space in the Headlight in which he could put anything he pleased at any time would be just the thing to get results. So there you are. We have done a good deal of advertising for farmers in the last twenty years but this is the first time we ever sold a farmer a years space. —Big Stone City, S. D. Headlight.

FEDERAL SLEUTHS NOT ONLY ONES SEEKING THIS MUSIC BOX

Chicago, Ill.—In a saloon near the stockyards here there is a patent player piano that will enjoy its present huge popularity as long as it can escape the vigilance of the sleuths enforcing the eighteenth constitutional amendment.

Its "music" is obtained by placing a half dollar in a slot and turning a circular indicator to a point opposite your favorite "song", at the same time placing a glass under a certain spout beneath the keyboard. Following are the "songs" it plays:

"Comin' Through the Rye"—Rye whiskey.

"After the Ball"—Ginger ale highball

"Here Comes a Sailor"—Port wine.

"Madame Sherry"—Sherry wine.

"The Campbells are Coming"—A shot of Scotch.

"Wearin' of the Green"—Green River

"Old Black Joe"—Gin.

"Hot Time in the Old Town Tonight"—Jamaica rum.

"Heidelberg, Dear Heidelberg"—Beer

"Medley"—A cocktail.

"Nearer My God to Thee"—Wood alcohol.

MOLINE UNIVERSAL TRACTOR

It Solves The Farm Help Problem

With the Moline-Universal—the original two-wheel tractor—*One Man* can farm more land than was ever before possible, because—

One Man has power at his command equal to six horses, capable of doing the work of nine horses, due to its greater speed and endurance.

One Man operates the Moline-Universal from the seat of the implement to which it is attached, where he must sit in order to do good work.

One Man can start in the spring and go from one operation to another—plowing, harrowing, planting, cultivating, sowing, harvesting grain or corn, spreading manure, filling the silo, cutting wood, etc., doing all farm work from one year's end to another, independently of horses or hired help.

All these one-man operations are possible with the Moline-Universal because it is mounted on two wheels. It attaches direct to the implement, making one compact unit—the tractor the front wheels and the implement the rear wheels. One man controls the entire outfit from the seat of the implement. There has been good reason in the past for putting a seat on implements, for it is from this point that the work must be observed and that adjustments must be made.

Being close coupled to the implement, the Moline-Universal Tractor backs as readily as it goes forward, and turns in a 16-foot circle. It steers so easily that a boy or woman can handle it as well as a man.

With the Moline-Universal one man can take care of all the requirements on the average size farm.

Plowing with two-bottoms, the Moline-Universal Tractor does as much work in one day as the ordinary three-plow tractor, due to the higher speed at which it operates, 3½ miles an hour. It has the power to run at this high speed because all of its weight is traction weight—all of it is converted to pull.

The light weight of the Moline-Universal Tractor, 3380 pounds, and its high clearance—greater than that of the average cultivator—make it perfectly adapted for cultivating. It isn't the kind of tractor that does your plowing and seed bed preparation and then rests while your horses do the planting, cultivating and harvesting.

Mechanically, the Moline-Universal is the most modern tractor built, containing more refinements and improvements than any other tractor on the market.

DOUBLE BEAUTY OF YOUR HAIR

"Danderine" creates mass of thick, gleamy waves

In a few moments you can transform your plain, dull, flat hair. You can have it abundant, soft, glossy, and full of life. Just get at any drug or toilet counter a small bottle of "Danderine" for a few cents. Then moisten a soft cloth with the "Danderine" and draw this through your hair, taking one strand at a time. Instantly, yes, immediately, you have doubled the beauty of your hair. It will be a mass, so soft, lustrous and so easy to do up. All dust dirt and excessive oils is removed.

Let Danderine put more life, color, vigor and brightness in you hair. This stimulating tonic will freshen your scalp, check daudruff and falling hair and help your hair to grow long, thick, strong and beautiful.

Communication

About Teachers' Salaries.

To the Editor:

Education in Missouri is facing a crisis. The cost of living has doubled in the past five years; teachers' salaries have advanced only twenty to twenty five per cent in the same period the majority of the teachers in our state are receiving less than a living wage; the attendance in the State Teachers Colleges is rapidly diminishing; young men and young women of ability are refusing to enter teaching, nearly twelve hundred special certificates were issued last year; our schools are being rapidly filled by young, untrained, and incompetent eachers; next yea rthousand of schools in Missouri will be closed or taugh by achers inferior to those now teaching, illiteracy will increase; educational standards will break down; ethical and professional ideals in school work will be lost. The morale of our educational system will be destroyed unless some relief is found.

If the above conditions continue, in two or three years all the progress of a quarter of a century will be lost. Other states are taking important steps to see that their school do not deteriorate from the after affects of the Great War. Shall Missouri not do likewise?

The Kansas Legislature has just provided that districts may increase their levy for school purposes 50 per cent next year. In Baltimore county, Maryland, the minimum salary for rural teachers next year will be $1100 and the maximum $1500. Cook county, Illinois, will pay its rural teachers a minimum of $1000 next year. We see vey few teachers in Arizona who will teach for less than $1000. No teacher in California will accept a position for less than $800 a year even in the rural schools.

How is it in Missouri? This year only twenty two rural teachers in our state are receiving $1000 or more, and the majority are receiving less than $500. Farm hands in numerous instances are paid more than teachers.

We, the executive committee of the Missouri State Teachers association, believe that we are morally bound to tell the people what is happening in the school world. We believe that the people want their children to have good school opportunities. To this end we shall send you each week one or two articles on happenings in the school world, knowing that you will co-operate with us in getting the facts about the schools before the people, as the press is our most powerful factor in community progress. We shall try to make the articles worth while and we shall appreciate any space that you give these articles.

WHAT'S A BUSHEL IN STATE OF MISSOURI

Total List of Commodities as Published in Revised Statutes—Size of Barrels.

Jefferson City, Mo.—The question of "What's a Bushel in Missouri?" has not only been asked on thousands of farms but has also been threshed out in the courts of this state. In response to repeated inquiries, Secretary Jewell Mayes of the Missouri State Board of Agriculture quotes a table of bushel weights which are in accordance with the statutes of this state, although at several points contrary to the best commercial usage.

According to the laws of Missouri, especially referred to in Section 11965 of the last published Revised Statutes of 1909, "whenever the articles hereinafter named shall be sold by the bushel, and no special agreement as to the measurement or weights thereof shall be made by the parties, the bushel shall consist of the following number of pounds:"

Fifty-Seven Years in Hollow of Tree.

There is no doubt that truth is "stranger than fiction," and the following story helps prove the saying. In clearing a piece of land in the state of Minnesota it became necessary to cut down a gigantic white oak tree, which broke in falling, disclosing the fact that it was hollow for a distance of about 15 feet, beginning several feet above the ground, and the cavity ending in a large opening concealed among the branches of the lower side of the tree which leaned considerably. Within this hollow was found the mummified body of a man, not at all decayed, but dried and shriveled by the lapse of time into something rivalling the best Egyptian art. The owner of the farm, Edward Gleek, on being summoned by the frightened laborers, recognized at once in the mummy the body of Jean La Rue, a former servant of Mr. Gleek, who had mysteriously disappeared from the farm August 30, 1862. On that day, which was during the Sioux uprising, a boat load of soldiers, on their way up the Minnesota River from St. Paul to New Ulm, foolishly discharged their muskets many times as they steamed up the river above Henderson, carrying terror to the hearts of the people along the river, who were already about to flee from the dreaded Indians. At Le Cueur one of the bullets thus discharged wounded a small boy, Cyrus McEwen, in the leg. Mr. Gleek says that when Jean La Rue heard the firing he seemed to nearly loose his reason from fear, rushed into the house, seized his rifle and some other belongings, including about $700 in money, and fled to the woods. He must have known of this hollow tree and thought to hide there, slipped down too far, and being unable to extricate himself, must have perished there where his body, preserved in the living oak, failed to decay. His rifle, bullet pouch and powder horn were found by him and the money, $783.50, was found in his pocket. Also there was found his dairy, which Mr. Gleek says LaRue always faithfully kept, and in it, undated, but on the page following the one dated Friday, August 29, 1862, was written the following: "Can not get out, surely must die. If ever found, send me and all my money to my mother, Madam Suzanne LaRue, near Tarascon, in the province of Bouches, Du Phone, France." Through the consul at Marseilles, Mr. Gleek will endeavor to learn something of the dead man's relatives, but there is not much hope of doing so at this late date.—Ex.

NEAR THE "PEAK" OF H. C. L.

And It May Have Been Reached, the Federal Reserve Board Says.

Washington, Feb. 4.—Results of the action of the federal reserve system in raising discount rates to 6 per cent, forcing a reduction in outstanding lines of credit, have become evident in the last month, the federal reserve board announced last night in a summary of the nation's business conditions. Coupled with this "optimistic outlook" the board expressed the belief "that a peak in high prices and inflation had been approached if not reached."

The general liquidation in the stock market also was continued in January and, according to the board's view, the higher discount rates had forced a slowing down in stock activities.

"Financially, January has been a month of doubt and tension," the summary said: "General business prospects appear favorable, but will require careful disposal of pending financial and exchange problems. Foreign trade continues at an abnormally high level although a heavy reduction is predicted if the exchange continues at its present unfavorable figure."

A CHALMERS

with an Elegant New Body

IT is new, will no doubt be widely copied in another year, and expresses elegance. It is "cut" high in the front at the radiator line and low from the windshield back.

You sit close to the ground; the side line is considerably lower than in any previous Chalmers.

Seats are lower, tilt more; you cling to the seat cushion, and you have abundance of foot room, front and rear.

In detail this new body possesses a completeness, a finality that seems impossible to improve upon.

Underneath the body is the same, unchanged Chalmers chassis that is well nigh faultless.

Hot Spot and Ram's-horn continue in their original and masterly way to get out all the power that nature put into gas, though the complaints against the grade of gas today increase daily.

There's a limit to the supply of the new Chalmers, but there seems to be no limit to the number of those who insist on one.

As a word of warning—see this new Chalmers immediately.

Hopkins has a Mystery.

About 9:30 last Thursday night many of our citizens heard an explosion and some hurried to the banks, believing that an attempt at robbery was being made, but such was not the case.

The report not only made a loud noise but shook the earth in the east part of town, it being said that dishes were shaken from the pantry shelves in several homes.

So far no explanation is made as to the cause of the explosion or just where it took place, and the affair is somewhat of a mystery, but will no daubt be solved in the due course of time.

Some claim to have seen the flash of the bomb or high explosives or meteor or whatever it may have been, but no signs were left whereby it might be followed, located and indentified. Here's hoping whatever it is is not a repeater, for such happenings tend to make folks nervous.—Hopkins Journal.

NO REPORT ON B. B. GAME LAST NIGHT

STORM SEVERS TELEGRAPH CONNECTION WITH FAYETTE.

WARRENSBURG TONIGHT

College Bear Cats put up Hard Fight with Kirksville Bull Dogs Tuesday Night.

No word had been received today as to the outcome of the basket ball game between the Bear Cats and the Central College team at Fayette last night. The telegraphic wires are down on account of sleet and no messages have been received today by the Western Union officer here. The Bear Cats are to play Warrensburg tonight.

An account of the game the Bear Cats played with Kirksville Tuesday night in which the Bear Cats were defeated by a score of 29 to 25 is taken from Wednesday's Kirksville Express.

The Teachers College Bull Dogs basket ball team won the fifth consecutive victory from a college team and their third from a conference team when they defeated the Maryville Bear Cats last night in the college gymansiumb by the score of 29 to 25. This was the closest game in point of score seen on the college floor this year.

The Bull Dogs were handicapped last night by the absence of Ray Dillinger, a star forward, from the lineup Dillinger was out on account of sickness. His place was taken by Downs who played most of the game. Downs in the last few minutes of the play was relieved by J. Dillinger.

The Bear Cats were confident of victory over the Bull Dogs and in the last half it looked as if they might forge ahead, but the Bull Dogs always managed to keep a point or two in the lead. The game was the roughest seen on the local court this season.

The score at theend of the first hlf was 17 to 11 in favor of the Bull Dogs The locals made seven field goals this half to Maryville's four. The last half the number of field goals was reversed, Maryville making 7 to the Bull Dogs 4. George Caldwell led in number of field goals scored. He tossed the ball through the ring 7 times for a total of 14 points.

G. L. WILFLEY RETURNS FROM EASTERN TRIP

Big Banking Institutions There Confident of More Stable Business Conditions Before Many Months.

George L. Wilfley, president of the Farmers Trust Company returned this morning from a ten days business and pleasure trip east. Mr. Wilfley visited his brother, Dr. Earl Wilfley at Washington, D. C. and his sister, Mrs. Jesse Scovey at New York City.

Mr. Wilfley found business condition very much the same as in this section. In speaking of the feeling among the big financial institutions, in New York Philadelphia and Boston with which he had business dealings, Mr. Wilfley stated that while they felt the general unrest caused by the unsettled state of the old world markets and the demoralization in American commerce brought about by greatly increased export trade, the general feeling was not panicky in the least and the confidence in the future was absolutley sure and that business in all mercantile and financial circles never was better than at the present.

PRIVATE STILL OF MARINES ENLISTS TO HUNT STILLS.

San Francisco.—John A. Still has reenlisted in the United States marine corps to go on a still hunt for stills.

When Still concluded his enlistment he was in the Island of Guam in the Pacific serving on the insular patrol, whose chief duty is to prevent the operation of illicit stills by the natives. Still told the recruiting sergeant how the natives distilled "tuba," the juice of cocoanut palm blossoms, into fiery "aguardiente."

Still wants to return to the still hunt for stills in Guam. He likes the elimate, the "chow" and the job, and so he will be a passenger on the next steamer for the Far East.
